

HON. A. D. COLE IS CHAIRMAN FOR ROOSEVELT MEMORIAL

Prominent Local Attorney Accepts Appointment as Mason County Chairman For Campaign to Raise Funds for Roosevelt Memorial—Many Local Admirers Expected to Contribute.

The Roosevelt Memorial Association, of which Mr. A. T. Hart of Louisville is one of the Vice Presidents, organized several months ago for the purpose of raising a fund of \$5,000,000 to be devoted to the proper commemoration of the life and services of Theodore Roosevelt, and for the perpetuation of his ideals of Americanism, is preparing an active campaign for the latter part of October. The Hon. A. D. Cole has accepted the Chairmanship for Mason County, and an opportunity will be given every person therein who desires to do so to contribute to this fund.

The purposes for which this \$5,000,000 will be used are: (1) for the erection in Washington, D. C., of a suitable monument; (2) for the purchase of a park at Oyster Bay near the home of Colonel Roosevelt, with the idea of securing later the residence at Sagamore Hill; (3) for the establishment of an endowment fund for the perpetuation of Colonel Roosevelt's ideals. It is believed that every American, irrespective of party or politics, will welcome the opportunity to be enrolled with other Americans who believe that Theodore Roosevelt's life and utterances should be an inspiration to the people of the United States; and that an opportunity will be welcomed to have a part in the perpetuation of the memory of this great American.

PICTURE IS ADVERTISED QUITE EXTENSIVELY

"The Shepherd of the Hills," Harold Bell Wright's great story in moving pictures which will be the big attraction at the Washington Opera House in a short time, is being more extensively advertised over this section than any picture which has been shown in this city for some time. Advertising matter for the picture is being distributed all over this and adjoining counties.

PLAINTIFFS GET JUDGMENT

In the case of Celia Applegate's Administrator vs. John Applegate, tried in the Mason Circuit Court, the jury gave judgment for \$200 against the defendant. This was a family suit over the use of some land.

BUSINESS MEN SEE GREAT RIVER GATEWAY TUESDAY

Inspection of Dam 33 By Maysville Business Men on Tuesday Is Greatly Appreciated—Workings of Monster Gate Is Explained.

Many local business men took advantage of the opportunity offered Tuesday by Superintendent Hall, of Dam 33, to visit and inspect that great job which has been in process of construction right here at our doors for the past several years.

The dam was in the best possible condition just at this time to see all of the workings and Superintendent Hall and his men were kind enough to explain to the business men the various details of the great mechanism. They were taken all over the works and given some idea of the whole affair.

It has required a great amount of work to bring the plant up to its present state and yet it will require much more work to complete it for use as one of a system of locks and dams which will give a nine foot stage to the Ohio river from Pittsburg to Cairo.

The business men were taken to the dam on the government steamboat Miami and were given a treat of cold lemonade by the boat's crew.

SECOND BAND PRACTICE TO BE RESUMED AT ONCE

The regular practice of the Boys' Band, second division, will begin this week at the band room. The practice of this section of the band had been suspended during the vacation period as so many of the members were out of the city for their vacation. The members of this band are now expected to soon develop into musicians capable of holding a place in the main section which will greatly increase the size of the main band.

CITY SCHOOLS ADOPTING NEW STUDY SCHEDULE

Because of the change from a 30 to a 40 minute noon lunch period, the teachers of the city schools are having quite a bit of trouble this week changing their schedule to meet this longer noon period. It is thought that all of the schedules will be changed and everything will be in good working order by the first of next week.

COUNTY POOR FARM MAY BE SOLD AND DIVIDED INTO LOTS

Deal Now On Between County Commissioners and Realty Company For the Purchase of County Poor Farm For Division Into Town Lots and Baby Farms.

It became known today that a deal between the Mason County Commissioners and a big Kentucky Realty Company for the sale of the County Poor Farm just east of the city was on and was progressing very satisfactorily and that within a short time it was more than likely that the county farm would be divided up into town lots and baby farms and sold to the highest and best bidders.

It has been known for some time that the Mason County Commissioners are anxious to sell this farm and purchase another in the county and build thereon a first class and up-to-date building which will be large enough to house all of the inmates under one roof properly.

The realty firm which is now dealing with the Commissioners recently held a big lot sale at Brooksville which was quite a success in every way and they are very anxious to put on such a lot sale in or near Maysville realizing that the housing condition in Maysville is one of the city's most serious conditions and one that must be solved within a very short time for conditions are such that people coming to our city to make their homes are unable to find houses in which to reside.

The infirm grounds would be an ideal place for a new suburb at the same time, it is so situated that from this farm several good sized baby farms could be laid off upon which the city man could keep cows, chickens and have a good sized garden plot as well.

Mason county has long needed a first class building in which to house the unfortunate and it appears that this is the opportunity for the realization of a dream Mason county officials and citizens have long had.

The cottages now on the poor farm would likely be moved to plots by the realty company, improved and enlarged and sold with the lots giving the buyers a home already constructed.

WILL LIKELY RECOMMEND PURCHASE OF FIRE ENGINE

Mayor Thomas M. Russell is very much pleased with the service rendered by the steam fire engines sent here from Cincinnati a couple of weeks ago but now that the water situation has cleared up considerably, he will likely return one of the engines to Cincinnati at once. The mayor will probably recommend to council that they purchase one of the engines for emergency use as it is learned one of them can be purchased reasonably.

GETS WARRANT FOR WIFE; HAS IT DISMISSED

Richard Ellis, a recent addition to the population of our city, procured a warrant for his own wife in Squire Bauer's court Tuesday when he complained that she had "beat him up". The trial was set for 7 o'clock Tuesday evening and shortly after that hour Ellis and his wife appeared in court. He asked that the warrant be dismissed, he agreeing to pay all court costs in the case.

OFF FOR WEST UNION FAIR THURSDAY

Headed by the Maysville Boys' Band a delegation of Maysville and Mason county people will leave here Thursday morning to attend the big West Union Fair which starts today. The Boys' Band and Ruth Law, the famed women flier, will be the big attractions at this big fair on Thursday and these two big features are expected to attract a record breaking crowd.

Mr. and Mrs. C. P. Dieterich are entertaining Mr. Dieterich's sister, Mrs. W. Don. Huston, of Covington.

MISSION HOLDS RALLY; CLOTHING BADLY NEEDED

Calls For Clothing For School Children at the City Mission Are Many—People Asked to Contribute Liberally.

Active work was resumed by the City Mission Tuesday evening with a rally service at the Mission rooms in the Caproni building. There were 55 people who have been served by the Mission present and acting Superintendent, Miss Best, is very much pleased with the spirit in which the fall work was begun.

Following a Victrola concert, devotional services were led by Mr. James S. Dawson and after the religious services a social hour was enjoyed and lemonade was served.

Miss Best says that with the opening of schools and the enforcement of the compulsory attendance law by the Truant Officer the calls for children's clothing have been many and that the Mission is not now able to answer all of these appeals, many of which have been very carefully investigated and found deserving. She asks that the good people of Maysville and Mason county who have children's clothing about the house and not being used by their own little ones, who might be more fortunate in having better clothing, send those discarded clothes to the Mission at once for use by these children who are quite anxious to attend school but who are being kept from school for the lack of suitable clothes. Cash donations will also be received and the money thus contributed will be used in furnishing these children so that they will not miss a single session of school.

All contributions should be made to Miss Best at the City Mission's quarters in the Caproni Building.

FIVE DOVER WORKMEN HAVE NARROW ESCAPE FROM DEATH AT NOON

Automobile Engine "Goes Dead" on Railroad Track and Freight Crushes It To Pieces—Five Occupants Escape Without Injury.

Messrs. Verne Dunham, Leslie Collins, Thomas Martin, Hanson Wilson and Charles Morrison, all employees of the Dover Button Factory, had a very narrow escape from death or serious injury at noon today when going to their homes from the factory for the noon meal.

Mr. Dunham, who lives quite a distance from the factory, rides to his work every day in his Studebaker automobile and at noon today he took the other four men with him in the car to take them home for their meal. When the car approached the C. & O. railroad track, they noticed the Maysville-Cincinnati local freight stopped near the crossing. The train flagman signaled for the automobile to pass over the tracks but when the auto pulled up onto the tracks the engine "died". About that time the freight train started up and came toward the automobile. The five occupants of the automobile jumped out of the machine and ran escaping injury but the freight train crashed into the automobile and crushed it to pieces so badly that it cannot be repaired.

The gentlemen occupying the machine are quite fortunate that they escaped so easily from what might have been instant death or very serious injury.

REV. FELIX K. STRUVE GOES TO CYNTHIANA

Cynthiana, Ky., September 9.—The Cynthiana Methodist church was assigned a former pastor, the Rev. Felix K. Struve who served the church here about twelve years ago, at the annual conference in Shelbyville last week. The Rev. J. P. Strother who was here three years was made presiding elder of the Danville district. The Rev. Strother and family will leave this week to make their home in Danville.

REV. GOLDSMITH ACCEPTS MT. STERLING CALL

AUSTRIA SIGNS PEACE TREATY VERY QUIETLY

No Elaborate Details When Germany's Ally Signs Peace Treaty Today.

Paris, September 10. — In the absence of elaborate details, such as accompanied the setting at Versailles, the allies made formal peace with Austria today.

Dr. Karl Renner, Austrian chancellor, signed the treaty at St. Germain at 10:15 a. m.

No speeches were made by the Austrian delegates. Premier Georges Clemenceau, on behalf of the allies, invited the Austrians to sign in the same terse fashion he employed at Versailles before the Germans.

Renner was the first delegate to sign. He was followed by Henry White, General Tasker H. Bliss and Frank L. Polk of the American delegation.

Aside from the peace treaty, the Austrians signed two engagements, one by which they undertake to indicate allied ships, sunk by the Austrians, and another which obliges them to furnish a list of persons responsible for the war, that the allies may place them on trial.

The ceremony ended at 11:10 a. m. French guards presented arms as Renner made his exit. After the signing, the supreme council of the peace conference announced the Rumanian and Jugo-Slavs would be given three days in which to sign the treaty.

At the conclusion of the ceremony a 75-centimeter battery fired 101 shots announcing the conclusion of peace.

IMPORTANT CHURCH MEETING ON THURSDAY EVENING

The regular monthly business session of the First Baptist Church will be held on next Thursday evening and this promises to be a very important meeting for it is more than likely that some action will be taken toward getting a new pastor for this church. All members should be in attendance.

GRAND JURY INDICTS MANY IN FEW INDICTMENTS RETURNED

Although Only 10 Indictments Are Returned Many Persons Are Included—Dover Men Are Charged With Crime and Murphysville Men On True Bill.

The Mason County Grand Jury for the September term of court made its first report into court today and although they returned only 10 true bills some thirty-five persons are named in the bills.

The two Dover men charged with a serious crime by fourteen year old Edith Daniels are indicted and quite a number of youngsters from the county are charged with gambling while others are charged with selling.

The indictments returned follow: Jephtha Ward — seduction under promise of marriage—bail \$300.

Mike Guilfoyle, George Rhodes, Horace Crawford, Dick Welsh, Bryan Welsh, Kaiser Wood and Postal Combs (Podge)—selling—bail \$50 each.

William White—robbery, bail \$300. Jerry Thomas—delivering liquor into dry territory, bail \$100.

James Wall—cutting with intent to kill, bail \$300.

James Phillips, Rodin Jones, Bob Prather, Clarence Striblin, Ned Moran, James Moran and John Bowler, selling, bail \$50 each.

Pat Varley—issuing a cold check, bail \$300.

William Adams—carnally knowing a female under 16 years of age, bail \$1,000.

George Berry—carnally knowing a female under 16 years of age, bail \$1,000.

Jake Fowler, Junior Perry, Goebel Combs, Scott Poe, William Grayson, Pete Berry, Robert Prater, James Combs, James Berry, Alfred Vaughn, Mitchell Crawford, Trace Thaxton and Sam Fowler—gambling, bail \$50 each.

The Grand Jury has not nearly completed its investigations and adjourned today only to meet again next week when they will take up other matters of importance scheduled to come before them. They have only used thus far four of the six days allotted to them by law and they will probably have several other very important matters for their consideration during the next two days of their session.

The Grand Jury will meet again on Friday, September 19.

Plant Seed the Right Way
Wheat has been grown since the early days of Egypt. There has been a great improvement, however, in the method of seeding—and the grain drill today takes its place alongside the reaper and binder in making possible the economical and efficient handling of a crop.
Wouldn't you use a drill if you knew that every seed were deposited in a packed seed-bed, right at the very bottom of the furrow? Then, the soil is released, covering the seed perfectly at a uniform depth below the surface, making it impossible for seed to be picked up birds or blown away by wind? Of course anybody would.
Yours, to prove that the wheat drills we sell does this very thing.

LET'S HAVE 6-HOUR SCHOOL DAY

There has been much discussion during the past few days, occasioned by a recent opinion of Attorney General Morris, in regard to the length of the school day in Kentucky. The Attorney General holds that schools must have at least 6 hours of actual teaching each day if they expect to collect their pro rata from the State School Fund.

It appears to the Ledger that in the light of this opinion, and the law seems quite clear in the matter, there is nothing to do but to change the schedule so that it will take in six hours of actual school room work each day. There is some hesitancy in Maysville until the Superintendent can get all of the facts in the case together and it seems that there is a general inclination among school authorities all over the state to pass the matter lightly and pay no attention to the law and this latest opinion on it.

In the first place the Ledger is of the opinion that it is a good law. It gives the students an extra hour of instruction each day which, during the course of a child's education will mean many weeks of learning and by the addition of this extra hour the thoroughness of a child's education will be increased.

In the second place the schools of Maysville are running a great risk in not taking serious the Attorney General's opinion. He says that schools not having a minimum of 6 hours a day of actual teaching have no right to participate in the state's school fund and the Maysville schools should run no risk of losing some seven or eight thousand dollars this year by taking a chance. The schools cannot afford to lose \$100 of their revenue and they must not take a chance on losing the large sum which the state pays into the Board of Education's treasury each year.

We all know what was accomplished in the schools following the Influenza epidemic by the addition of 50 minutes a day for a period of a few months and by the addition of 60 minutes each day for this entire term we know much more can be accomplished.

Our policy is first—go slow—run no chances of losing between seven and eight thousand dollars and second—add the extra hour a day for the good it will do the students.

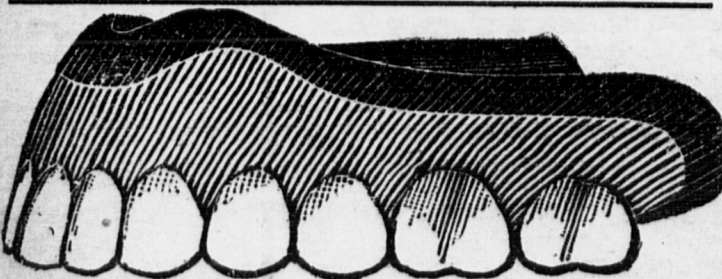

Anyway, the result of the war has taught us to stop bragging about every man in America being a king.—Kansas City Star.

CHANDLER SIX

Famous For Its Marvelous Motor

The Year's Most Pleasing New Sedan

THE season offers no other sedan so pleasing in the beauty of its lines and its furnishings, as the new series Chandler Sedan. And there is none that may be compared with it at anything like its price.

The new Chandler Sedan is the highest expression of years of development in the creation of closed bodies. It is beautiful to look at, and most comfortable to ride in. It has style and refinement that must appeal to those who care for the finer things.

This car seats seven persons most comfortably or five when auxiliary chairs are not in use. The front seat is solid, not divided as in previous models, and the window posts are a permanent part of the body, not removable. The windows, however, may be lowered away or adjusted to suit the weather and the wish. The entire interior is upholstered in finest quality silk-plush of pleasing pattern for cushions and plain tone for head lining. Interior fittings are in dull silver finish.

Despite the largest production in the history of the Chandler Company, the demand for the new series sedan will quickly consume the production for weeks to come. Your early order will be a safeguard against disappointment.

"THE SHEPHERD OF THE HILLS"

The Shepherd of the Hills that widely read story of the Ozarks, has been dramatized under the direction of Harold Bell Wright its author. As a novel this story has attained a popularity which has not been equaled by any other book in a decade.

As a play the success of this work was phenomenal and as a picturization under the direction of Mr. Wright the story bids fair to mark an epoch in the art of the silent drama.

This picture has been made in the heart of the Ozarks and in California. Mr. Wright and his associates were engaged for months in this great work.

No expense has been spared, no detail overlooked, the countless millions who are familiar with Mr. Wright's style and descriptive ability, those who understand in even a limited way the scopeless possibilities of the motion picture camera, can readily realize that the great word pictures of this author should in the world of real pictures indeed be a work of art.

The Picture Story in ten reels with incidental music written and selected especially for it will be seen for three days at the Washington within the next few weeks.

TOBACCO MEN WILL ORGANIZE TO COM- BAT PROPAGANDA

First Meeting of Tobacco Men From
This Section to Combat Anti-To-
bacco Propaganda Held
Monday.

At a meeting of tobacco growers, leaf dealers, manufacturers, jobbers and retailers of tobacco products held yesterday morning at the offices of the Cincinnati Tobacco Warehouse Company, in Cincinnati, definite plans were formulated for the organization into a compact body of all allied tobacco interests to combat the growing propaganda of anti-tobacco forces, which is said to be a real menace to the industry.

The meeting was presided over by Mr. W. D. Spalding, President of the Cincinnati Leaf Tobacco Exchange, with Mr. F. F. Albers as Secretary, and a resolution was approved for the appointment of a general committee, representing all branches of the tobacco industry, the duty of which will be to call a subsequent meeting for the purpose of forming a permanent organization. President Spalding announced that this committee will be made public within a day or two.

One of the interesting talks yesterday was made by Dr. W. A. Gardner, representing the New York organization known as the National Association opposed to the Prohibition of Tobacco.

John Rich, a prominent tobacco grower of Boone County, Kentucky, declared that tobacco is the most lucrative crop grown in Kentucky, and that without it farmers of that state would soon become bankrupt. He urged a definite program of publicity to keep the farmer informed upon the subject. E. W. Douden acted as spokesman for Cincinnati brokers, and Geo. R. Meyer pledged the support of his tobacco trade paper.

Mr. Gardner stated after the meeting that while the movement to combat the influence of anti-tobacco forces throughout the country was launched in New York by manufacturers, dealers and bankers who recognize the danger threatening their industry, it was felt that the real process of education should be commenced in the heart of the tobacco growing and marketing district, notably Kentucky, Ohio, Indiana and West Virginia in the Middle West. He said that the success of any propaganda depends largely upon misleading statements, which eventually mold public opinion in such a

WRITTEN 50 YEARS AGO, LITTLE WOMEN IS SWEET AS EVER

Louisa M. Alcott's Famous Story Will
Be Seen Here in Picture Form.

One of the most charming adaptations of well known stories to the screen is "Little Women", the famous novel written by Louisa M. Alcott fifty years ago, which is now released as a Paramount-Artcraft special picture. It is a delightful photoplay and will be shown at the Washington Theater next Tuesday. The four famous "little women"—Meg, Jo, Beth and Amy have been visualized with delightful effect and all who have read the story will find the picture excellent in every way.

The photoplay presents every prominent character of the novel and all will be instantly recognized by Miss Alcott's admirers. Sweet, gentle Jo, whose sacrifice of her wonderful hair, so that her mother might have money for the journey to Washington to see the father lying ill there, is appealingly played by Dorothy Bernard. Meg, who marries John Brooke after she has waited while he fights the battles of the Union, comes to life in the person of Isabel Lamon, and Henry Hull is Brooke. Beth and Amy are played by Lillian Hall and Florence Flinn respectively.

The scenes of the story were photographed in and about the Alcott home in Concord, Mass., where "Little Women" was written, and these lend great attractiveness to the picture. The home of Ralph Waldo Emerson also is shown and in this respect, the picture is of great educational value. Harley Knoles, who directed the production, has provided a splendid cost of players to interpret the various roles, so that from this standpoint as well as all others, the photoplay doubtless will attract widespread attention.

manner as to bring about legislative changes. "The tobacco trade can successfully refute every argument brought to bear by tobacco prohibitionists," he said, "and statistics will show that the excessive use of tobacco in any form is less injurious than the excessive use of anything in the world. We are prepared to fight the battle to a finish and will do everything possible to educate the consumer as to the situation in so far as it affects his personal rights."

EVIDENCE THAT CONVINCES

A Twice-Told Tale That Will Carry
Conviction to Ledger Readers.

Fourteen years ago, Mrs. Burns publicly endorsed Doan's Kidney Pills. She then told of benefit she had received. With unshaken confidence, she confirms her statement—Tells how passing years have strengthened her faith in Doan's. There's no better test than the test of time.

Can any Maysville reader ask for more convincing evidence? Mrs. John Burns, West Second Street, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. I used Doan's Kidney Pills and the quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since." (Statement given February 13, 1914.)

NO TROUBLE SINCE
On November 15, 1916, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills today, as ever. I have not needed a kidney medicine since I first took them." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burns had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

SECRETARY HOUSTON SAYS FARM TRUCK WON'T FALL FIRST

Secretary of Agriculture Does Not
Agree That Farm Products Should
Drop in Price Before Manu-
factured Products.

David F. Houston, Secretary of Agriculture, does not assent to the theory that the prices of farm products should fall before the prices of manufactured commodities fall. He makes this clear in replying to a recent communication in which it was stated that "There must be a drop in prices before there is a drop in wages, and it would seem that the farmer is the man who is going to be first hit."

This theory has been advanced by a number of manufacturers, said the Secretary, who continued, "It is clearly an unjust contention. It manifestly would not do to ask farmers to produce, buying everything that they have to buy from manufacturers at high prices, with the assurance to them that their products will fall in price, and that then manufacturers will consider what they will do with reference to their own prices. Obviously, manufacturers must be willing to make at least a contemporaneous decrease in their prices. It might even be contended that they should make a prior decrease in their prices, since the farmer's operations involve a year and he could not recoup for twelve months, or could not recoup at all, because, on

CAMPFIRES WILL BURN AGAIN AT THE ATLANTA MEETING

Veterans of the Confederacy Will
Burn Great Campfires at Annual
Reunion in October.

Atlanta, Ga., September 10—The campfires of the Confederacy, quenched more than fifty years ago at Appomattox, will burn again in Atlanta for the first time since the surrender, when the Confederate veterans held their twenty-ninth reunion here October 7-10.

At every one of these reunions the veterans have had a camp, but they have never had such an encampment as will be provided them in Atlanta.

Piedmont Park, the beautiful city park that covers several acres in the north side of the city, will be turned

over bodily to the veterans. Hundreds of government tents, with government blankets, government cots and other government material, will dot the spacious sward. And, best of all, the reunion committee is placing orders for scores of cartloads of fat pine logs which will be used to make fires, in the flames of which the old comrades will vision again the scenes of their glory and their battles.

Not all of the veterans will stay at the encampment, although most of them wish to do so in order to hobnob with each other. Nearly two thousand, including the more aged and infirm, will be placed in the homes of Atlanta people who will have them as their guests and bestow upon them every hospitality. And even these old men will journey out to the encampment, only fifteen minutes' street car ride from the center of the city, to be with the other "boys" during the day.

CIRCUIT COURT AGREES WITH LOWER COURTS IN FLOUR SUIT

In Celebrated Suit Involving the Federal Flour Order Circuit Court Sustains Two Lower Courts.

The case of J. M. Wheatley vs The Sards Milling Company was heard in the Mason Circuit Court today and in its decision the upper court sustains the decisions of both Judge Purnell's court and Squire Fred W. Bauer's court.

This suit was brought many months ago and in it Mr. Wheatley sought payment for three barrels of flour from the Milling Company. He had purchased twelve barrels of flour from the company for delivery when he needed it. He got several barrels from the company and went back for more when the miller informed him that he was unable to give him whole wheat flour because of the Federal order prohibiting mills to sell whole wheat flour.

Mr. Wheatley brought suit for the price of the three barrels of flour but the courts held that he should not recover but that the Milling Company should deliver to him now the three barrels of flour, which they agree to do. Mr. Wheatley will pay the costs of the court in the suit through all its stages.

Mr. and Mrs. Richard Bouldin, of the county, entertained Tuesday evening Mr. and Mrs. George Kirk and Mr. and Mrs. Bland Kirk.

FIRST COMMITTEE MEET ON LICENSING PLAN WELL ATTENDED

Several Business Men Attend the First Open Meeting of the License and Ordinance Committees of City Council on Tuesday Evening.

The first open session of the License and the Laws and Ordinance committees of City Council held Tuesday evening at the Council Chamber was a marked success for there were several local business men present and they entered heartily into the discussion of a proposed licensing system for the city which would be equitable and fair to all and would not escape those who should pay a license fee.

Nothing final was done at this meeting and Chairman Lalley, of the License Committee, announced that the two committees proposed to hold several more such meetings before anything final was done. In the mean time, the officials have asked the officials of all Fourth Class cities in the state to send them copies of their licensing laws so that our officials might know what is being done in the other cities of our class in Kentucky.

The matter of strictly enforcing the laws against itinerant peddlers or salesmen or the adoption of other and more stringent laws to cover these cases was discussed and the councilmen seemed of one mind that the local business men should be protected against such and that if the present laws were not sufficient that other laws should be enacted at once which would cover the cases. This matter will also have the immediate attention of the councilmen.

MINISTERS OVER KENTUCKY WILL BACK MEMORIAL

All in Kentucky Will Be Requested to Make Reference to Heroic Dead and Tribute to Memory in Sermons.

Ministers of Kentucky have been asked to make next Sunday, September 14, Kentucky Memorial Building Sunday and to preach a sermon that day in tribute to those Kentuckians who gave their lives in the war with Germany, adding their endorsement to the movement to honor the State's immortal dead by erecting on the campus of the University of Kentucky a building to be put to daily use by the students, as lasting tribute to the memory of our dead heroes.

The drive in the State for the raising of the \$300,000 required for the construction of a proper and fitting building, with the tablets on which will be enrolled the names of those who made the supreme sacrifice will begin the following day, September 15, and will continue throughout the week, ending Saturday, September 20. Reports to Campaign Manager, W. E. Freeman of Lexington, indicate that there will be little difficulty in raising the sum needed and that the people are manifesting the deepest interest in the first and only opportunity that will be given the State at large to have a share in honoring the memory of their dead soldiers. Louisville, which is to construct a memorial building of its own later, has generously consented to a quota of \$60,000, which it hopes to raise the first day of its drive under the direction of Messrs. E. W. Hines and E. S. Woosley. Because Fayette county is to have the location of the building its quota was fixed at \$100,000 and there is said to be no doubt this money will be raised, as leading citizens of Lexington and the county have given the movement their hearty approval besides their personal contributions.

The general committee asks that any citizen interested in the memorial, who is not approached by local committee for this contribution, send his check direct to Treasurer John R. Downing, Phoenix and Third National Bank, Lexington, and all such contributions will be credited to the county in which the contributor resides. Pledges in lieu of cash will be accepted, and first payment due November 1 and four other payments at intervals of three months, but in the main the \$300,000 will be raised in cash and work on the building will be started as soon as the fund is definitely assured by reports from the State.

The Kentucky posts of the American Legion, it is expected, will give their hearty approval to the project and aid actively in raising the funds for the building to be a tribute to their dead comrades in arms. Mr. Edward W. Hines, state chairman, was assured of the support of the Legion at the meeting of the Louisville committee last week and he says it will be a powerful factor in assuring the success of the enterprise.

INTERNAL REVENUE IN STATE SHOWS INCREASE
Seventh Internal Revenue District in Which Maysville Is Located More Than Doubles in Year.

Washington, D. C., September 10.—Internal revenue taxes collected in Kentucky during the fiscal year which ended June 30, last exceeded by more than \$80,000,000 the collection of the preceding year in spite of the fact that in the last year full payment of the income taxes was not required, a portion of them being payable in installments after the close of the fiscal year.

In the old seventh collection district, with headquarters at Lexington, the collections increased from \$14,366,202.13 for the fiscal year 1918, to \$29,673,010.12 for the year ended June 30, 1919.

The preliminary report of the Commissioner of Internal Revenue on last year's collection, out today, shows a not increase in the collections for the entire country of \$146,330,973.33, more than half of which collections for the entire country of \$145,330,973.33, more than half of which was in Kentucky.

The preliminary report does not show from what source these increases come, but it shows for Kentucky that the income and excess profits tax collected in the fiscal year 1919 was \$2,051,296.30, compared with \$20,946,948.81 in the preceding year. This leaves the bulk of the increase in collections for other sources of taxation and it is a reasonable belief that they were because of heavy withdrawals of whiskey in anticipation of the wartime prohibition. The total internal revenue collections for Kentucky for the year recently ended amounted to \$178,297,585.65.

The Mason Circuit Court was not in session this afternoon.

AN OVERBURDENED MOTHER

If the steps a mother takes and the work she does could only be measured by figures, what an array they would make. Through girlhood, wifehood and motherhood woman toils on, often suffering from backache, pain in side, headache, nervousness and sleeplessness, symptoms of more serious ailments peculiar to her sex. Thousands of such women, however, have found relief from suffering by taking Lydia E. Pinkham's Vegetable Compound, as is evidenced by the letters of recommendation continually being published in this paper.

Capt. J. Milton Atkinson having just been discharged is the guest of his aunts, Mrs. Hattie Mathews and Mrs. J. Wate Stewart of Flemingsburg. Mr. Atkinson was one of the second division of 5th Marines and saw service in the three last battles. Milton's friends are surely glad to see him.

Mr. and Mrs. D. H. Harrison of East Second street left this morning for Louisville to attend the State Fair.

ILLITERACY BOOK DRIVE IS FINISHED

Fayette County Oversubscribes \$2,500 Quota for Moonlight School Purposes, Chairman Announces.

The Lexington Herald says: Mrs. J. A. Edge, chairman of the local committee, announced Tuesday afternoon that the Illiteracy Book Fund Campaign to raise \$2,500 in Fayette county had been oversubscribed.

Funds raised by this drive are to be used to furnish books to adult illiterates of the State for use in moonlight schools. The campaign had been under way the past four weeks.

The following persons composed the local committee: Mrs. J. A. Edge, chairman; John R. Downing, treasurer; Mrs. S. H. Halley, Mrs. Desha Breckinridge, Mrs. R. H. Stevenson, Mrs. Clarence Williamson, Judge Chas. Kerr, E. B. Ellis, F. L. McVey and George Webb.

Other counties that have raised their quota of the Illiteracy Book Fund, are Bourbon, Nicholas, Mercer, Jessamine, Boyle, Carroll, Hardin and Davess.

"THE BIG LITTLE PERSON" AT PASTIME TOMORROW

One of the most appealing scenes in "The Big Little Person," Universal's latest release featuring Mae Murray, is in a school room where a couple of dozen kiddies stage a very realistic school scene. In a childish rage one of the youngsters hurls to the floor the delicate instrument that connects the afflicted young teacher with the world of sound. The part of the school teacher whose hearing is finally restored indirectly by the brutality of a faithless lover is carried by Miss Murray, under the direction of Robert Z. Leonard. The picture will be shown at the Pastime tomorrow.

Misses Mollie and Nellie Hanley of Market street are spending a few days in Cincinnati with friends and relatives.
